

A blue spiral-bound notebook with a silver metal spiral binding at the top. The cover is a solid, slightly textured blue color. The text is centered on the cover.

# StoppaRed

Product Information May 2009

# Product Description

StoppaRed products are hand held sprays that have been found to be useful in crime prevention / self defence situations. They can be legally owned by anyone in the UK and the use of the product is governed by The Criminal Law Act 1967 and the Common Law.

Typical users are concerned private citizens and security professionals who recognise the shortcomings of the more common 'attack alarms'.

# User benefits

-  UK legal
-  World class manufacture and design
-  Each canister is factory tested
-  One handed operation
-  Longer shelf lives than similar products
-  No batteries
-  Third party holsters available

# StoppaRed UV

# StoppaRed LD

**StoppaRed UV** - these products contain UV dyes that glow under UV light. Lots of Police Custody Suites now screen prisoners for UV dyes. All the UV products are available as a thick and sticky gel formula.

**StoppaRed LD** - these products contain a simply liquid dye without additional UV dye. These products are more affordable but offer greater capacity in any given size of canister.
